

## Chapter 16 Homework Assignment P-Chem Math

Fall 2009

On separate piece of paper, evaluate each problem given below. Make sure to show all of your work (in other words, don't use a computer to do the work for you). *10 points total*

From your book do the following problems: 5, 9, 13, 17, 20, 24, 28, 43, 41, 43. Since you have access to the final answer you will only receive credit if you show all your work and it truly leads to the correct answer.
